1 Description

This is a single-player game where you try to get out of a maze. This game is played in first-person view. You start at one corner of the maze and have to try to reach the opposite corner in the shortest amount of time possible. The mazes are randomly generated.

2 Keyboard Controls

Command	Action
P	Play (from Title Screen)
WASD	Movement
Space	Jump
Mouse	Look Around
Escape	Pause
Clicking	Select item from Menu

3 Powerups

There are three powerups: speed, jump, and growth. As indicated by the dwindling bar in the bottom left corner, powerups only last 5 seconds. Their functions are as below.

Powerup	Effect	Color
Speed	Faster speed	Yellow
Jump	Higher jump	Cyan
Growth	Higher view	Magenta

4 Timing

The maze run is timed. The time is shown on the top left corner and will be displayed at the end as well. The timers is paused when the game is paused
